Yamhill Carlton High School
ATHLETICS GUIDELINES

Participants must meet OSAA scholastic eligibility the previous semester to be eligible to participate in athletics. Students must maintain this academic standard during the course of the season to maintain eligibility (passing 5 of 8 classes)

Students will not be permitted to participate in either practice or an event if they have been absent from any part of the school day unless on a school sponsored function, a pre-arranged absence, or with administrative approval. Students are reminded they are expected to attend school the day following an event.

The following behaviors may result in immediate suspension as identified in the YCHS Athletic Handbook:

- **Illegally using or possessing alcohol.**
- **Illegally using or possessing tobacco products.**
- **Illegally using or possessing illegal drugs and/or drug paraphernalia i.e. marijuana.**
- **Attending an underage activity where illegal alcohol or illegal drugs are present, and not leaving within a reasonable time frame.**
- **Any conduct that, in the judgment of the supervisory staff, brings embarrassment to the individual, group, or school.**
- **Suspensions or major disciplinary actions will result in athletic ineligibility at the discretion of YCHS Administration.**

Training rules will be in effect starting with the first day of fall practice and last through the end of the school year. Training rules apply to all student athletes. These rules apply on or off campus and will be in effect 24 hours a day.

- **Students are expected to have all fees cleared prior to participation in a competition.**
- **Students participating in athletics should be aware that they are committing themselves to attend all practices/events unless excused by the coach/director of the sport.**
- **Athletes should be aware of the time commitment required for the sport before committing.**
- **Athletes who quit a sport may not enter another sport in that season without the consent of both coaches involved and the Athletic Director. Students removed from a sport because of disciplinary action may not enter another sport in that season.**
- **Athletes may not accept compensation for athletic skill during the school year other than school awards or OSAA sanctioned awards.**
- **Athletes must use the school transportation provided. Students may ride home with parents if parents personally talk to the athlete's coach or by written pre-approval with the school.**

If an athlete or parent has a concern or issue it should first be discussed with the appropriate coach at an appropriate time (Not after Contest) If the problem cannot be resolved, the next level is to consult the athletic director/vice principal, followed by the principal, superintendent, and if necessary, the school board. The goal should be to resolve an issue at the lowest level possible.

I have read and understand the Athletics Handbook of Yamhill Carlton High School and agree to abide by these regulations. I also realize that a violation of these guidelines may result in suspension as identified in the YCHS Athletic Handbook.

Date _____

I have read and understand the Athletics Handbook and give permission for my son/daughter to participate in YCHS athletics. I also understand, as a parent, I need to model appropriate behavior in support of my student athlete at all athletic contests. I will not verbally confront officials or coaches during athletic contests. I commit to positively supporting my student athlete and all YC Teams. I will go through appropriate channels when requesting to speak with a coach. I understand that failure to comply with these expectations could result in my permanent removal from all home and away contests.
