

## Yamhill Carlton Student/Guardian Contract for Online Course Options

We are happy to be able to offer our students the option of ROADS online courses for the purpose of credit recovery, original core credit (through the Alliance Academy) or Elective Credit within the school day. In order for participation in YC's online course option to be a successful experience for students, there is important information both students and parents/guardians must be aware of prior to beginning any courses using this program. Consequently, prior to a student being signed up for an online course, both parent/guardian and student must read and sign the following contract.

- Each course lasts 120 days from its approval, and this includes weekends. Courses can be put on hold over breaks (Thanksgiving, Winter & Spring Breaks), and those hold days do not count toward the 120-day limitation.
- If a course is not completed by the end of the 120 days, a one-week extension can be purchased. To qualify for this option a student must be at least 85% or more complete with the course and, prior to approval, have paid a \$15.00 fee to the YC High School office. The cost of the one-week extension is \$30.00, and the District will cover the other half of the cost (\$15.00). **There will be no district contributions beyond the one-week extension.**
- When a student is initially signed up for a ROADS online course, if the parent/guardian has an e-mail address listed with the school, a "parent portal" will be set up so parents can monitor their student's progress. An e-mail is automatically generated by the ROADS program and sent to the parent/guardian's e-mail with the link and password included.
- Students are ultimately responsible for their progress through this curriculum. If a student **does not** successfully complete a ROADS course, they will not be permitted to sign up for an additional course at the expense of the district. (unless special circumstances exist)
